CHILDREN'S JUSTICE CENTER

**ALL PROCEEDS BENEFIT THE UTAH  
COUNTY CHILDREN'S JUSTICE CENTER**

The Children's Justice Center (CJG) serves child victims of abuse. The focus and function of the Children's Justice Center is to reduce the trauma an investigation of child abuse can cause.

The goal is to create an environment where a child feels safe to reveal the truth.

As an influential collaborator within the Utah Valley community, we are seeking your support as a sponsor for our annual fundraiser in September.

Since 1992 the Children's Justice Center has offered an unique public/ private partnership. The Utah State Legislature provides minimal operational funding for investigative services, but the citizens and businesses of our community provide the funds for the facility and on-going treatment of more than 2000 children annually, including support of their families. The treatment provided makes a critical difference in their healing process.

THE CHILDREN'S JUSTICE CENTER IS A 501C3 ORGANIZATION AND ALL DONATIONS ARE TAX DEDUCTIBLE.
